ECO SUPPLIES

Eco Water Bottle

As part of Tytherington School's promise to 'Go Green' we are trying to do our bit to help reduce the global issue of plastic bottles in our seas and landfill, by ending our use of single use plastics. So why not buy one of our brilliant new Eco bottles, which you can fill up from one of the water fountains around the school site. They are recyclable, BPA free, dishwasher friendly and have a leak proof lid. **Pick one up from the Classworx shop in Macclesfield for just £4 each.**

Eco Tie

To help reduce the amount of plastic in our environment we have sourced a supplier to produce our school ties from recycled bottles. So far, we have saved 150 bottles from landfill. With your help we can continue to help reduce the issue.

Eco Ties are available from the School Finance Office for £7 each.

Eco Blazer

Eco-uniform is equally durable and high in quality as non-eco garments and it is just as soft and comfortable to wear. Best of all we are saving 18 x 2 litre plastic bottles from landfill with every eco blazer made.

**And the price? the same as non-eco!

TYTTY READS

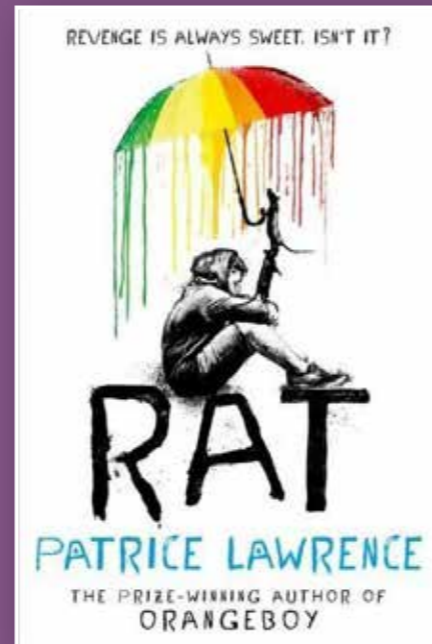

We are delighted to announce that our successful new Year 7 Reading Programme, **Tythy Reads**, will be continuing in September 2023.

Students will be issued with a bookmark which they will use to guide their reading (held underneath the line they are reading to follow along, ensuring that they are reading the words as they are read). This will also be their reading log.

Our first book will be **Rat** by Patrice Lawrence

A READER LIVES A THOUSAND LIVES BEFORE HE DIES... THE MAN WHO NEVER READS LIVES ONLY ONE.
