# Electives

Electives is a programme of activities that fulfils our ambition to provide 'extra' provision for our students at Tytherington School. These Electives are in addition to our existing range of extra-curricular provision which will continue to run throughout the week.

**It is expected that all students in Years 7 and 8 take part in the Elective Programme.**

Students go through a selection process at the start of September and Elective sessions start on 28<sup>th</sup> September.

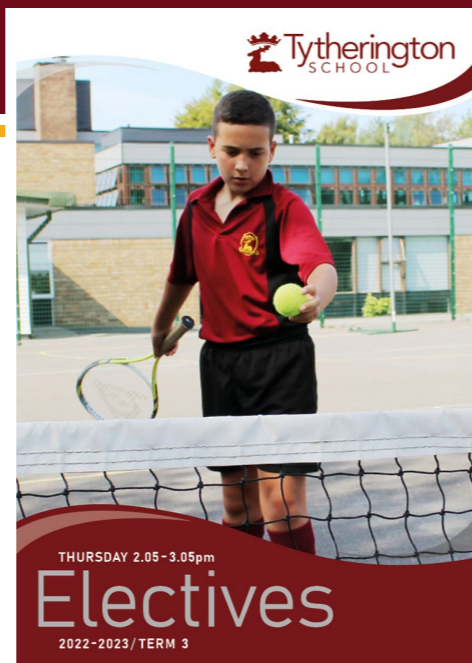

During the term, we promote Electives through assemblies, form time and the Electives area of the school website plus Firefly.

During the first term a selection form will be sent electronically to parents to make the choices with their son/daughter for the term ahead. Students will state up to 5 choices, in preference order and will be allocated one of those choices.

Students rotate Electives each term so they can experience up to 3 different Electives, if they wish. Some Electives may require fees; these will be paid via the Parent Pay System. Some Electives may not run if there are insufficient numbers / interest.

Parents please be aware that in cases of financial hardship some support is available.

**Questions about Electives can be sent to:**  
**[Electives@tythy.school](mailto:Electives@tythy.school)**

# Eco Supplies

## Tytherington Eco Tie

As part of Tytherington School's promise to 'Go Green' we are trying to do our bit to help reduce the global issue of plastic bottles in our seas and landfill. Plastic takes over 1,000 years to degrade and the particles pollute the ground and get into our food chain. To help reduce the amount of plastic in our environment we have sourced a supplier to produce our school ties from recycled bottles. We think that rescuing plastic bottle from the landfill is a much better idea than the traditional way of using crude oil to make the yarn. By making our Eco ties from recycled polyester yarn we can:

- Save 2 plastic bottles from landfill for every Eco Tie
- Support British manufacture
- Promote sustainability within the school
- Avoid using crude oil unnecessarily

**Eco Ties are available from the School Finance Office for only £7 each!**

## Tytherington Eco Blazer

In line with our eco policy this year we are introducing eco blazers into our school uniform. They are made using a 6 step bottle to Eco-uniform process which contributes to our mission to help protect the world we live in. Eco-uniform is equally durable and high in quality as non-eco garments and it is just as soft and comfortable to wear. Best of all we are saving 18 x 2 litre plastic bottles from landfill with every eco blazer made.

**And the price? The same as non-eco! Tytherington blazers are available now from £36.99 from Classworx in Macclesfield or their website:**

[classworx.co.uk](http://classworx.co.uk)

## Tytherington School ECOPURE Biodegradable Water Bottle

Following the installation of water fountains around the school and in line with our environmentally friendly policy we are delighted to introduce a brand new Eco-friendly, Tytherington School reusable water bottle. It is specially designed to look after both our students and our planet. This will be an important part of the uniform requirement from September this year. ECOPURE water bottles are made from plastics that help to keep our world clean when they're thrown away by using biodegradable technology. Key features:

- BPA free
- Leak free lid
- Recyclable
- Dishwasher friendly

**Available now for only £4 each from Classworx in Macclesfield or their website: [classworx.co.uk/product/tyth-eco-water-bottle/](http://classworx.co.uk/product/tyth-eco-water-bottle/)**

After the successful launch in 2021 of our Year 7 Reading Programme, **TYTHY READS**, we are delighted to announce that it will be continuing in September 2023.

Form tutors will read aloud to their tutor group for **20 minutes each morning** during form time from a chosen age appropriate but challenging book. The tutor will read at pace - **no child will be asked to read**. Students will be issued with a bookmark which they will use to guide their reading (held underneath the line they are reading to follow along, ensuring that they are reading the words as they are read). This will also be their reading log.

# Knowledge Organisers

In Year 7, students are supported in their learning by Knowledge Organisers, which they will receive in the form of a booklet with a digital version accessible through our virtual platform - Firefly.

## What are Knowledge Organisers?

A Knowledge Organiser specifies the essential knowledge that students need to memorise and retain for a unit of work. It is contained on a single A4 page and organised in a way to aid learning.

The knowledge they contain are the building blocks of effective learning; it does not include everything you could and should know about a unit of work but the essential knowledge that students need to memorise.

## Why are Knowledge Organisers important?

At secondary school, students will study complex ideas and be asked to think in an analytical way; this is what makes learning an enjoyable process.

To be able to think about difficult problems and question new ideas, students need know core factual detail to help them think critically. For example, if they have memorised their times tables, their brain can focus on a complex Mathematics problem rather than working out  $9 \times 4$ . Being confident in their knowledge of the basics frees up their brain to focus on the complex.

Once they have a secure knowledge of a unit of work, future learning is easier. Cognitive Scientists, who study how memory works, have shown us that we learn new information by linking it to knowledge we already have. The more knowledge we have, the easier it is to learn.

Knowledge Organisers are also useful as a reference point if a student is struggling to remember information in a lesson or if they have been absent in a lesson. They will help them to be more effective learners.

## FREE SCHOOL MEALS

If you are eligible for Free School Meals, we have a variety of dishes available, which can be bought with your daily funding allowance. This is a private matter, so credit is loaded automatically onto your card and is used in the same way as all our customers. Extra money can be loaded on to the cards, if you wish, and does not impact on the funding at all. It's definitely worth checking your eligibility on the Government website.
