

An
ambitious
school at
the **heart** of
the **community**

Tytherington
SCHOOL

Welcome to

Dear Families,

Thank you for your interest in our school.

Tytherington is an ambitious school at the heart of the community.

We believe that every young person should be treated as an individual, with dignity and respect. We are a school which places character development at the centre of what we do.

Our ethos encourages students to be articulate, resilient, courageous, curious and have the confidence to stand up for what they believe in. We provide powerful leadership opportunities for all our students. We have a proud reputation for high academic standards and students achieve well.

Tytherington School

That said, what matters to us most is that youngsters leave here as A* people with a real desire to make the world a better place.

Our extra-curricular provision is exceptional. Our Electives programme provides students with a stunning array of extra-curricular options. We run over 40 clubs including rugby, tennis, public speaking, orchestra, performing arts, science and Duke of Edinburgh.

Please also take the time to read our recent impressive Ofsted report: <https://reports.ofsted.gov.uk/provider/23/140791>

Something remarkable is happening at Tytherington School. If you want to know more about our school please arrange a visit. You can visit at any time - I look forward to seeing you soon.

Mr Emmanuel Botwe MA (Oxon), Headteacher

Our Core Values

BE AMBITIOUS

BE RESPECTFUL

BE PREPARED

BE INVOLVED

Growing

Pastoral support systems in the school are excellent and ensure that each student is quickly known as an individual and feels part of the school community. Tutor groups meet for 20 minutes each morning. Older students are often involved in assisting tutors and running mentoring programmes for younger students during tutor time.

Heads of Year oversee the progress and well-being of their year group, working alongside an expert team of tutors. Alongside year groups, we run an active House system with three Houses: Ash, Elm and Oak. The House system encourages both competition and the family feel of the school which is much commented on and praised by visitors. We hold Year Assemblies once each week and House Assemblies once each term. A highlight of each term is the Whole School Assembly, where the Tytherington family comes together to celebrate our achievements.

Our pastoral system develops a strong sense of community that makes our school a supportive and stimulating place to grow.

Each year group is supported by a Student Support Officer who does not teach and is skilled at working alongside young people. We also have an extensive inclusion department for any young person needing additional support. This team is the main contact for parents and will work alongside families and students where further support is needed.

“The Pastoral support is fantastic.

It has been great to watch my daughter blossom this year.

She feels safe and supported and her personal development has been brilliant.”

Year 7 Parent

Challenging

We want our students to be challenged by all that they do, so that there is a vibrant and creative atmosphere which inspires us all. To achieve this, we have developed an innovative and forward-looking curriculum that is challenging for all students.

In Years 7, 8 and 9 students study a wide range of subjects which secure the literacy, numeracy and computing skills essential for lifelong success.

We also offer the opportunity for students to learn Mandarin and Latin from Year 7. In Year 10 students begin GCSE courses: all students follow an agreed core curriculum but are able to choose additional subjects from a variety of academic and vocational qualifications.

Students and parents are guided towards the most appropriate learning pathway, depending on individual interest, future aspirations and ability. We have extensive links with local universities and businesses to provide a range of opportunities for our students.

Our younger students benefit from a daily homework club.

The Special Educational Needs Co-ordinator (SENDCo) manages a team of Teaching Assistants who support students, in and out of lessons, in different ways to ensure that we meet the needs of every individual student.

The Leader of Advanced Learners monitors the progress of our most able students and oversees a Sixth Form mentoring programme providing additional challenge for these students.

Although qualifications are very important, school is about much more than examinations. Our students benefit from a wide range of creative, sporting and cultural activities. We offer over 40 different clubs and societies which operate at lunch times and after school.

Developing the 'Other Half'

A unique aspect of the school is our emphasis on developing leadership skills. This is built into our curriculum provision. Students are provided with a range of leadership opportunities which enable them to achieve either bronze, silver, gold or platinum awards.

Activities include: leading a segment of a lesson during a primary school transition event, organising a school club or raising a fundraising event for a local charity.

Our students enter competitions at county and national levels in debating, public speaking, sport, science, creative writing, maths challenges, news reporting - the list is endless! We benefit hugely from our links with the world-class science community within the local area and from our excellent partnerships with communities and businesses.

We have several students who take part in our Duke of Edinburgh programme at bronze, silver and gold.

They can join clubs in Science, Latin, Mandarin, Drama, Maths, Dance, Computing, Art, Languages or start a new club of their own. Highlights of the school year include our annual Christmas and Spring musical concerts and our summer drama productions. Recent productions have included Chitty Chitty Bang Bang, Bugsy Malone and Olivia!

As part of the Year 7 transition programme, we invite all Year 7s to take part in a team building day with their tutor group. The aim of the day is to improve teamwork, communication and leadership skills via a series of outdoor activities.

They will also have the opportunity to build essential team relationships with their fellow tutor group members and form tutor.

“The school worked very closely with my son’s primary school to ensure that his educational needs were well catered for.”

Year 9 Parent

Travelling

We aim to broaden the horizons of all our students. We offer a wide variety of trips and travelling opportunities which enables them to experience different cultures and ways of life.

In recent years we have run a large number of trips abroad, to China, Kenya, Borneo, Peru, Cambodia, France, Poland, Romania and Spain, to name only a few. We have school exchanges to Germany and France.

We have a strong reputation as a centre of excellence for languages and we use this to create a wide range of opportunities for our students to welcome visitors from abroad, and to engage in real learning opportunities in the community which highlight the importance of languages in the world of work.

We aim to provide every student with an opportunity to go abroad during their time at Tytherington School. There is a special fund available for those who have financial difficulties.

The Sixth Form at Tytherington School is a key part of our large and highly successful school.

Our aim is to prepare students for their next steps in life whether it be university, apprenticeships or employment.

Preparing

Combining the independence and flexibility of a college with the guidance and encouragement of a school, we provide Sixth Form study in a challenging yet supportive environment. At Tytherington we are committed to high quality teaching and learning. With an expanding range of courses from which to choose, we offer a curriculum that suits a wide range of interests and aspirations.

Students are guided by a highly experienced team of Sixth Form tutors, led skilfully by the Head of Sixth Form, who carefully monitors and supports academic progress and the transition onto Higher Education and employment. We have an excellent record of helping our students to gain places at the country's leading universities, including a very successful Oxbridge Preparation Programme, and encourage and facilitate those who wish to gain experience in the world of work.

Whilst our students begin to develop the self-reliance and confidence that are required in Higher Education and employment, parents and carers are kept abreast of their progress through regular

monitoring reports and Parents' meetings, which are held twice a year.

Students are encouraged to make effective use of their non-contact time and have access to designated Sixth Form spaces. Planning is underway for a new Sixth Form building which we hope will be completed by the 2024/25 academic year.

Alongside their academic studies, students are encouraged to take part in a wide range of opportunities offered through our enrichment programme. Many students are actively involved in our highly successful Duke of Edinburgh and Young Enterprise schemes. We also encourage the students to continue to develop their talents in music, drama and sport; and support both the school and wider community through volunteer work.

We offer our students further education in a structured environment where they can attain the qualifications and the independence of mind to pursue successful and fulfilling careers.

Celebrating

A unique aspect of Tytherington School is our emphasis on promoting leadership skills and encourage resilience and confidence. We take every opportunity to celebrate our students' successes.

We have a distinctive leadership culture across the school. Students are encouraged to take a wide range of leadership roles in the school from acting as guides on Open Evening, and participating in peer mentoring programmes, to sitting on the School Parliament, leading assemblies and acting as Student Ambassadors.

We celebrate students' achievements with weekly Celebration Breakfasts hosted by the Headteacher. Each year we host Awards Evenings for Lower School, Upper School, Sixth Form and a Sports Awards Evening. Students' achievements are celebrated in the Headteachers Notes which goes home to parents every week. We have also introduced an app which allows students and parents to track their rewards.

We value our partnership with parents and work hard to keep everybody fully informed of their child's progress and successes.

“What do I like best about the school?”

Everything!

There is just so much to do.”

Year 7 Student

Admissions

Students are largely drawn from Tytherington, Bollington, and Macclesfield. Tytherington School also regularly admits students from schools other than those who form part of the Tytherington Partnership.

Our main partner Primary schools are:

- Bollington Cross CE (Controlled) Primary School
- Bollington Dean Valley County Primary School
- Bollington St. John's CE (Aided) Primary School
- Kettleshulme St. James CE (Controlled) Primary School
- Parkroyal Community School
- Hurdsfield County Junior School
- Marlborough Primary School
- Puss Bank County Junior School
- Rainow County Primary School

Our full admissions policy can be viewed on our website. We attach great importance to maintaining positive links with our partner schools. A senior member of staff has overall responsibility for primary liaison.

School Admissions in Cheshire East:

Safeguarding

We recognise our moral, ethical and statutory responsibility to safeguard and promote the welfare of students. We are fully committed to ensuring that consistent and effective safeguarding procedures are in place to support families, young people and staff at school. The School's full Safeguarding Policy is available on the school website.
